Landscape Request Approval Application

Applicant's Name _____

Address _____ Home phone _____

Cell phone _____ Email address _____

Description of landscape change/conversion _____

Removal of existing shrubs? Yes ____ No ____ If yes, how many? _____

Replace with [number, variety and names] _____

Irrigation change? Yes ____ No ____ If yes, what kind of change? _____

Work to be done by: Contractor's Company name [must be licensed and bonded] _____

Approximate start date _____ Approximate completion date _____

Note: Work must be completed within 30 days of application approval.

Please attach a schematic drawing with the requested change, including a list of replacement plants.

I understand that the removal and replacement of plants and any irrigation changes are at my expense.

Note: The only ground-cover approved by the HOA at present is "Apache Brown".

Until this application is approved and signed by the Landscape Chairman, no work can commence on this project. The Association will not be held responsible for any damages incurred by this change/ conversion. This application must be signed by the homeowner and should the area involved in this project connect with a neighboring home, a letter of approval from the other homeowner must be attached. Homeowner agrees that the contractor will provide the Landscape Committee with a copy of the approved schematic drawing.

Once this application is completed, please return it and all attachments to the Management Company. Also, Management must be notified when the work on this project is completed for a sign-off by the Landscape Chairman.

Applicant's signature _____ Date _____

Approval of Landscape Chairman _____ Date _____
